Data/ folder stores all the data I worked on except for the review.json (larger than 100MB after compressed)

Stat/figure folder stores all the figures I plotted from final_cling.ipynb

Ideas.pdf is the logbook of the final project, including my thoughts and inspirations

Final_cling.ipynb is the code part of the final project, including all the code I have worked with

Report_cling.pdf is the final report of project

Slides_cling.pdf is the final presentation of the project
